TAILORED SOLUTIONS NATIONWIDE

For over 40 years, Ocon Chemicals has provided laboratories, pharmacies, and a range of industry sectors with safe, compliant waste management solutions tailored to each customer's precise needs. Let us put our track record and expertise to work to safeguard your facility, employees, and reputation.

COLLECTION & DISPOSAL

We will call to your facility to an agreed schedule, classify and segregate your waste, and transport it securely for compliant treatment and disposal.

GUARANTEED COMPLIANCE

Our team of waste management experts from our HazChem and ADR trained drivers to our in-house DGSA advisors guarantee a safe, compliant service in accordance with our ISO 9001:2015 certified procedures and waste transfer protocols.

RECYCLE & RECOVERY

We offer a comprehensive, end-to-end recycle and resource recovery service to convert your hazardous waste into new materials, products and energy sources.

UN Approved Packaging:

Drums, buckets, clinical waste bins, bulk containers, solvent containers.

DOCUMENTATION

We guarantee full traceability on all waste disposal transactions via our waste disposal documentation, and certificates of destruction.
